

WRISTBANDS, LABELS & PRINTERS

March 2015

DOXWB adult hospital wristbands

- Economy adult range of self-sealing adhesive fastening, printable, patient ID bracelets
- Surface resistant to water, alcohol, sterilizing solutions, soaps & hospital chemicals
- Large thermal printable area for text, barcode & images
- Safety design lets bracelet break before causing patient harm
- Easy-fitting, adjustable length & soft-feel hypoallergenic material
- Durable for at least 2 to 3 weeks under normal hospital use
- Supplied in all white or red (solid or stripe) in rolls of 100 wristbands

*Meets all ACQSHC mandatory requirements & recommendations.
Excellent value - secure fit, robust design & high durability*

DOXWBW Wristband; white - Box of 5 rolls each of 100 wristbands

DOXWBR Wristband; red - Box of 5 rolls each of 100 wristbands

DOXLBL document labels

- Much more economical than labels for Dymo or Brother printers
- No waste such as with sheets of labels
- Landscape orientation makes printing faster - typically 4 labels per second
- Rolls of 1,000 - infrequent need to replace a roll
- Very simple to place new rolls into the printer

DOXLBL -Rolls, each of 1,000 labels

Supplied 10x rolls of 1,000/box

Dox Wristband and Label Printers

GK420 Series
